"No words can describe how wonderful my dining experience was. The servers were friendly and very knowledgeable of the menu. They were attentive without being intrusive, everything a great server should be. I aspire to be every bit as great as our server was. The food was absolutely phenomenal and brought out in a timely manner. The communication between the staff was excellent and they pay great attention to detail as I had specific requests for my reservations. I will definitely return!"

The Food was Great

Service ★★★★★ (Outstanding)

The food was great. The service was pleasant. The bar is extremely busy and crowded, but the upstairs dining area is quieter and nicer. The decor is charming. It's a wonderful place for a date. We ordered the sausage rolls, the bangers and mash, beef and ale pie, and the banoffee pie with Crispin cider and Magner cider. Everything was delicious. I definitely recommend it.

Extremely impressed,

Service ★★★★★ (Outstanding)

Extremely impressed, they are only open a short time, but they did a great job. It was nice to have the atmosphere of a busy bar, while enjoying a great meal in the dining room. The food was delicious and the service was on point throughout the night. Met the owners, Kevin and Rasa, and they really made us feel at home. I had a reservation for one, but when a friend joined me last minute they were very accommodating. I will definitely be back.

I was feeling nostalgic for England

★★★★★ (Outstanding)5/5

Food ★★★★★ (Very Good)4/5

Service ★★★★★ (Outstanding)5/5

"I booked the table because I was feeling nostalgic for England, and although it fulfilled that goal, even more important was the quality of the food, the friendliness of the staff, and the thoughtfulness of all concerned. The food is classic pub fare reinterpreted at a level of culinary excellence I never experienced in England. So go for the beer and the memories, and go again for the food and the welcome."

Great British Gastro-Pub Food

★★★★☆ (Very Good)4/5

Food ★★★★★ (Outstanding)

Service ★★★★★ (Very Good)

Four of us had dinner upstairs. We loved the food (try the sausage rolls appetizer) and the service was good too. The prices were reasonable. The only complaint was the noise level. The music was a bit loud, there is a large bar downstairs, and there were a table of noisy people next to us.
